

Dear hopefully future workplace,

I am 25 years old and currently living in lovely Svendborg.

I am a very smiling, outgoing, and open-minded person. One of my strengths is meeting new people and working together with them. I am also reliable and always show up for my shifts.

As a person, I am extroverted and thrive in social environments.

For me, it is important to work in a place with good energy and a sense of humor. I enjoy spreading positivity and contributing to a pleasant atmosphere at the workplace.

It has been three years since I completed my training as a chef. I have primarily worked within the pastry field, but I am always ready for new challenges, and I manage well in the savory kitchen too. My strongest skills are within the pastry section, and I love creating and developing desserts. It is an area I have been especially passionate about. I love making small chocolates and petit fours. In general, I enjoy composing and developing dishes.

This also shows in the work I have done alongside my regular job, where I have experience with teaching. I have been a private instructor for men for four years, and I have also taught young people aged 13 to 18 in cooking. Besides teaching them, it is my responsibility to create and develop the dishes they will learn to prepare.

I truly hope to hear from you.

Kind regards,

Emma

CV

Emma
